EDUCATION

Georgia Institute of Technology, Atlanta, GA — Expected May 2029
Bachelor of Science in Electrical Engineering

Auburn University, Auburn, AL — 2025–2026
Coursework in Electrical Engineering | GPA: 4.00/4.00
Honors: Presidential Scholarship, Honors College, Dean's List (Fall 2025, Spring 2026)

ENGINEERING EXPERIENCE

TPOINT, LaGrange, GA — Jun 2026–Aug 2026
Engineering Intern
- Supported the installation and commissioning of automotive manufacturing systems using FANUC robots and LS ELECTRIC PLC hardware, assisting with robot zero-position setup, device labeling, network configuration, and production-line integration.
- Assembled and wired industrial control panels with relays, power supplies, terminal blocks, contactors, and 220 VAC robot power connections.
- Configured and tested a KEYENCE vision inspection system to verify component presence using reference images and detection validation.
- Built the mechanical and electrical hardware for a temperature-triggered AMR charging safety system, fabricating the frame and wiring the control panel alongside a controls engineer.

Design/Build/Fly, Auburn, AL — Aug 2025–May 2026
Propulsion Team Member
- Conducted thrust-stand tests on three APC propellers with the final motor and battery, recording thrust, torque, RPM, and current to compare peak output and endurance.
- Conducted dynamic thrust testing at 45, 55, and 65 mph using a vehicle-mounted test apparatus, averaging runs in both directions to correct for headwind.
- Built an Excel-based comparison tool to compare test results and support propeller selection for the aircraft's propulsion system.

PROJECTS

Digital SAT Math Analysis | *HTML, CSS, JavaScript, Supabase, Chart.js, jsPDF*
- Built a web-based analysis tool that merges student performance data from CSV files and categorizes results across 16 SAT Math skill areas.
- Developed interactive performance charts, a custom score-estimation model, and automated PDF reports to identify individual and cohort-level learning gaps.

TEACHING EXPERIENCE

MK Academy, Auburn, AL — Mar 2025–May 2026
Digital SAT Math Instructor & Curriculum Developer
- Developed and taught SAT Math and Algebra curricula for 50+ students across multiple cohorts.
- Created 25+ practice exams and 5 workbooks; increased one cohort's average SAT Math score from 633.2 to 734.4.

Independent STEM Tutor, Auburn, AL & Atlanta, GA — May 2024–Present
AP Physics, AP Calculus & DSAT Math Tutor
- Provide individual and group instruction in AP Physics, AP Calculus, SAT Math, and secondary mathematics for 20+ students.
- Led AP Calculus AB and AP Physics I groups in which 13 of 14 students earned AP scores of 4 or 5.

SKILLS

Programming: Python, JavaScript, HTML/CSS
Hardware & Tools: ESP32, FANUC Robots, LS ELECTRIC PLC, KEYENCE Vision Systems, Control-Panel Wiring, Excel
